Veolia is proud to be a member of the National Association for Environmental Management (NAEM) - an organization that provides best practices and effective management strategies for corporate EHS&S decision makers.

NAEM's latest report highlights the key ideas and practices that will shape

corporate environment, health and safety, and sustainability management in the year to come.

Helping NYC Safely Dispose of Household Hazardous Waste

As one of the world's largest events of its kind, the New York City Department of Sanitation hosts ten annual NYC SAFE (Solvents, Automotive, Flammables and Electronics) Disposal events for NYC residents.

Harmful household products collected are recycled or sent to one of Veolia's fully permitted hazardous waste treatment facilities.

Veolia Institute Review: Resilient Cities

While 70% of the world's population will live in cities in 2050, cities today face unprecedented challenges: natural disasters, health crises, loss of attractiveness, industrial decline and poverty.

The Veolia Institute, a multi-stakeholder organization, examines the challenges ahead in this report.

Smoke and Carbon Monoxide Alarm Safety

Properly installed and maintained smoke alarms in the home are considered one of the best and least expensive means of providing an early warning of a potentially deadly fire.

Never disable your smoke alarm, even if you experience "nuisance" alarms while cooking or showering.
